Call to Action / A.C.T. (Actionable Community Task):

WEE Panelist BIO:

Zobaida Falah is a pioneering social entrepreneur who integrates social needs into market sustainable business practice. She is the founder of the CURE Bar; the first nutritional snack bar to implement the black seed. This non-gmo, gluten free bar is packed with wholesome ingredients that are 100% real to help encourage society to eat healthier without compromising taste. Zobaida also created her Get and Give program which is a one for one model. In an effort to give back to the less fortunate, for every bar sold, a bar is given to a person in need. Zobaida believes this is a symbol that small consecutive acts of giving when done in unison have the ability to impact our global world. Website: www.cureyourworld.com

Christie McKenzie has worked twenty plus years at her family business, Supplemental Staffing. Supplemental Staffing has been in business since 1978 with a mission to be a part of a company’s future, by providing Quality Employment Solutions, and to be part of their employee’s future by providing a place to Learn, Grow, and Prosper. Christie is a graduate of Bluffton College and Maryland College and recently completed Leadership Toledo and who is constantly looking to be a change agent in her community.

Kaiko Zureich is the President / Owner of Office Furniture Warehouse in Sylvania. With a passion to empower women, Kaiko, is a dedicated community member serving Promedica, the Hickman Center, Mom's House of Toledo and other local non-profits as a board and / or committee member.
