

## THE NORTHWEST OHIO BUSINESS MENTORING PROGRAM

Through collaborative efforts, partnering with Northwest Ohio Hispanic (NOHCC) and Toledo African American Chamber of Commerce, together with Women of Toledo, we introduce the Business Mentoring Program. The goal is to help create an environment where businesses of our communities can begin to experience the generational success that leads to generational wealth-building opportunities.

## THE ACCELERATOR FUND

We are extending an opportunity to all women-owned businesses to expand the way they network and help bridge the network gap through an Accelerator Fund. By partnering with various networking organizations and funders of the Accelerator, we will help introduce and support Accelerator's participation in various networking opportunities locally.

## TECHNICAL ASSISTANCE & COLLABORATION

Convened by JumpStart, the Toledo Business Growth Collaborative (TBGC) consists of existing small business assistance organizations in the greater Toledo community. Working together, these organizations are dedicated to finding and filling gaps in the service continuum and connecting their clients to the resources they need, wherever those resources are found.

Organizations include Assets Toledo, CIFT, ECDI, JumpStart, LISC Toledo, MSDC, NOHCC, Toledo African American Chamber of Commerce, Port Authority, Toledo Library, Ohio Small Business Development Center, the University of Toledo Business Development Center, and Women of Toledo.
